

Welcome To Quenington

Welcome to Quenington

We are delighted that you have chosen to come and live in our lovely and historic Cotswold village. This pack is distributed by Quenington Parish Council to help you settle in and find your way around the local area.

We look forward to welcoming you in person at one of the village coffee mornings which are held in the Village Hall on the second Saturday of each month at 1030.

Welcome To Quenington

Brief History of the Village

Quenington is situated in the attractive Coln Valley some nine miles east of Cirencester and eighteen miles north of Swindon, twenty-six miles from Oxford and twenty miles from Cheltenham. The village, mentioned in the Domesday Book, has important medieval remains. The richly carved north and south doorways of St Swithin's Church possibly date back to 1140, or even earlier, and the gateways, near the church, are the site of the Preceptory of the Knights Hospitaller. The land was given by the de Lacey family to the Order in c.1190's.

The part of the village that lies along the river Coln, a tributary of the Thames, is adjacent to an area designated as being of outstanding natural beauty. Over half the village is in a conservation area and there are many attractive walks in the vicinity.

Today the village has some 600 inhabitants and about 250 dwellings.

St Swithins Church

The Benefice, of which Quenington is a part, is known locally as CHQ, namely Coln St Aldwyns, Hatherop and Quenington. St Swithin's Church has services each Sunday, details of all services are published in the CHEQS Parish Magazine and you will be very welcome to any service.

The CHEQS Parish Magazine is produced each month and delivered free to all homes. The magazine is well worth reading each month as it contains details of different services in the Benefice and as well as a variety of wider activities in the villages, not just those connected with the church.

St Thomas of Canterbury RC Church

The local Roman Catholic Church is St Thomas of Canterbury and is in Horcott Road, Fairford. The parish priest is Father Michael Robertson (Tel: 712586).

The Parish Council

The Quenington Parish Council has six scheduled meetings a year on the second Thursday of the month commencing in January. The meetings are held in Quenington Village Hall at 8pm and residents are encouraged to join the meetings as there is an "open" section of the start and end of the meeting when any relevant issues can be raised.

The parish may have up to seven elected councillors. The current members of the council, together with copies of the minutes of meetings and other information can be found on the website www.queningtonpc.com

The parish's major expenditure is on its grass cutting contract, which provides for the maintenance of the village green, the cemetery, the Church Road/Victoria Road junction and the playing field. The latter provides a variety of equipment for children and also goal posts for football; this is also maintained by the parish council.

The telephone kiosk at the junction of Mawley Road and Church Road (near The Keepers) is owned by the Parish Council, and currently is used as a book exchange.

And Finally

We hope you enjoy our village as much as we all do. It is full of interesting people and offers a range of activities. As in any happy and successful community all activities rely totally on volunteers. If you or any of your family would like to help with any of the Groups or with any of the organisations, including the Church, do please let one of us know, as your help will be most welcome. It will also help you to get to know other members of the community. If you have particular interests that we have not covered, maybe there will be an opportunity for you to set up a new interest group!

We would be pleased to have your feedback regarding the usefulness of the information and indeed anything that you feel we could also include in the future.
